INTRODUCTION

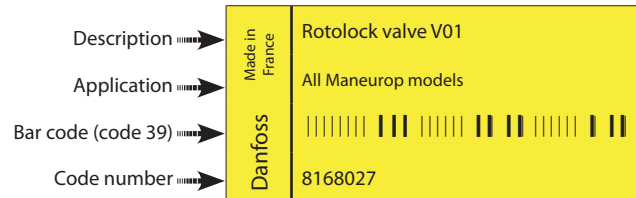

Packaging types

Accessories and spare parts from Danfoss Commercial Compressors (DCC) are distributed as Single packs, Multipacks and Industry packs.

Single pack

One part (or one set of parts) in a cardboard box or blister.

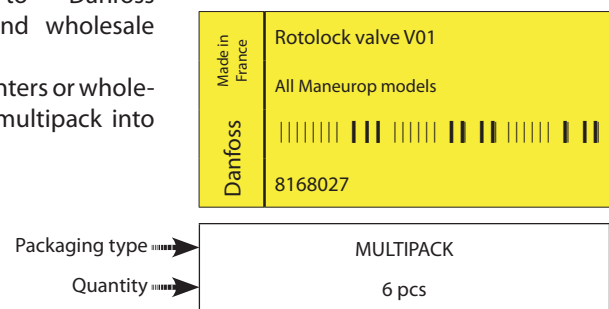

Code number 77xxxxx or 81xxxxx.

Multipack

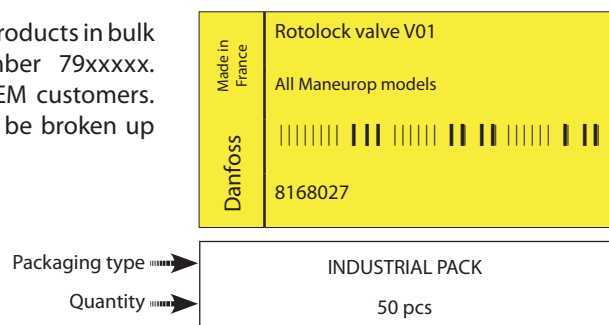

A quantity of single packs packed together. Code number 77xxxxx or 81xxxxx. Mainly dedicated to Danfoss Distribution Centers and wholesale customers. Danfoss Distribution Centers or wholesalers can break up a multipack into

single packs, each having the appropriate label.

Industry pack

A quantity of identical products in bulk packaging. Code number 79xxxxx. Mainly dedicated to OEM customers. Industry packs can not be broken up into single packs.

Ordering quantities

The pack sizes as listed in this catalogue are relevant for customers ordering directly from the DCC factory. DCC strictly applies the indicated

pack sizes for multipacks and industry packs. E.g; a multipack with a pack size of 6 can be ordered from the DCC factory only in quantities of 6, 12, 18....
